

**ANNUAL EXCHANGES ON WORK AND HEALTH**  
***Social Environment and Occupational Health Psychology***  
**UNIVERSITY OF PAU & PAYS DE L'ADOUR**  
**May 2-3, 2019 | Bayonne, France**

This year the annual series of *Exchanges on Work & Stress* is taking place on the West Coast. Ocean waves and whimsical local climate bring to attention the role of environmental dynamics in shaping both states and processes of occupational health. The focus of our forum will therefore emphasize the issue of perceived environments in relation to performance outcomes in organizations.

It is to be reminded that this event is NOT a colloquium, NOR a regular workshop for doctoral candidates. It is a time for discussions and reflection, structured around referent presentations. Therefore, only a few manuscripts will be selected, on the basis of academic rigor and originality.

Empirical *and* theoretical contributions are equally welcome. Work completed *or* in progress too.

**Guest Speakers:**

- Eva GARROSA, *Faculty of Psychology, Universidad Autónoma de Madrid, Spain.*
- Yuval KALISH, *Coller School of Management, Tel Aviv University, Israel.*

**Public:** Ph.D. students, Post-Docs, and all motivated researchers in the fields of human and social sciences.

**Submissions & Queries:** Full manuscripts in English, APA style, to be sent via email to Ghulam Murtaza at: [ghulam.murtaza@iae-aix.com](mailto:ghulam.murtaza@iae-aix.com).

**Deadline:** Final deadline for the submission of full-text papers is April 15, 2019.
