

Popularising Science

Emergence(s)

Magazine highlighting significant facts taken from research at UPPA.

3 Minutes with a Researcher

Three-minute interviews with researchers from UPPA. These portraits give a brief presentation of research skills.

My Thesis in 180 Seconds

The "Ma thèse en 180 secondes" ("My thesis in 180 seconds") competition is an opportunity for PhD students to present their research topic in French, using simple words, to a varied audience which includes non-experts.

Articles Popularising Science

Doctoral students have helped to produce articles linked with their thesis subject, popularising science for the local Bearn press.
