(STEE)

Language(s)
English

Subprograms

- › M2 Mathematics, Modeling and Simulation (MMS)
- › M2 Stochastic tools and Computational Methods for Decision (MSID)
- › GREEN Graduate Program - Mathematics, Modeling and Applications to Energy and Environment (M2A2E)

Presentation

The program provides excellent training in many different areas of applied mathematics developed in the [laboratory of Mathematics and Applications of Pau](#) |

- * **MMS Program:** PDE (partial differential equation) analysis, numerical analysis, scientific computing, high performance computing, optimization.
- * **MSID Program:** statistical analysis, decision computer science, computer modeling and associated computer tools.
- * **GREEN Graduate Program - Mathematics, Modeling and Applications to Energy and Environment (M2A2E)**

Admission

Student capacity

30
